Intoxalock ignition interlock devices

Let us help get your clients back on the road legally

Intoxalock®

Helping people to live and drive responsibly

About Intoxalock

Intoxalock has been manufacturing ignition interlocks for over 20 years. We were the first company to use fuel cell technology and are an industry leader in reliability, customer service and technology.

CELEBRATING 20 years INTOXALOCK

- **Over 90,000 customers served annually**
- **1,600 service centers nationwide**
- **20 years of industry leadership**

IGNITION INTERLOCKS SAVE LIVES

■ States requiring all convicted drunk drivers to use an ignition interlock device, cut DUI deaths over 33%.

SOURCE: MOTHERS AGAINST DRUNK DRIVERS (MADD)

■ Ignition interlocks are effective in reducing repeat drunk driving offenses by 67%.

SOURCE: CENTER FOR DISEASE CONTROL & PREVENTION

■ "All offender" interlock laws are found to reduce repeat offenses significantly, when effectively implemented.

SOURCE: MCCARTT, ANNE, ET AL.

What is an Intoxalock ignition interlock?

An Intoxalock ignition interlock device integrates breath alcohol testing with a vehicle's ignition system. Prior to starting the vehicle, the driver is required to to submit a breath sample to test for the presence of alcohol. If the BrAC (Breath Alcohol Concentration) is below the state's ignition interlock limit, the vehicle will start. If alcohol is detected, your vehicle will not start until a passing sample has been provided.

INTOXALOCK DEVICES ARE EASY TO USE!

Mouthpiece
User submits sample

LED screen
Displays BrAC readings and instructions relevant to the user*

Activation button
Easy to use, one button activation

*When allowed by State

LAST YEAR, INTOXALOCK HELPED OVER 90,000 DRIVERS GET BACK ON THE ROAD SAFELY AND RESPONSIBLY.

Intoxalock client advantages

Superior product reliability

- No other device in the industry has more reliable alcohol monitoring
- Proven fuel cell technology and engineering assures an accurate reading every time
- Centralized calibrations and product servicing, assures precise readings
- Intoxalock is the only IID independently certified to hold its calibration for over six months.
- We have the technology that meets YOUR state requirements

Convenience

- Over 1,300 service center locations nationwide; largest network in the industry
- 24/7 customer service
- Password secured online account management through our MY ACCOUNT website
- Mobile installations available in some areas
- FREE direct shipment of calibrated devices to your home (available in many states)

Affordability

- Low upfront costs; One month's lease payment reserves your installation (with credit card auto-pay)
- Affordable and competitive monthly lease pricing
- Pre-payment discounts available
- Ask about a single product solution for meeting both IID and monitoring requirements

Outstanding customer service

- Bilingual agents and resources
- Second-to-none customer service*

*Given A+ rating from Better Business Bureau and the only ignition interlock company to receive 4-1/2 stars from Trustpilot (Independent site)

LAST YEAR, INTOXALOCK HELPED OVER 90,000 DRIVERS GET BACK ON THE ROAD SAFELY AND RESPONSIBLY.
