# Regain your license in Pennsylvania

*with a state certified ignition interlock*

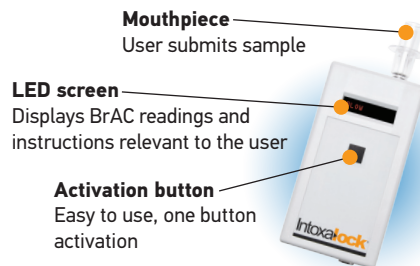

## HOW CAN I GET MY LICENSE BACK?

If you are reading this brochure, it is likely that you or a loved one has been pulled over for Driving Under the Influence (DUI). Getting an ignition interlock device installed in your vehicle is an important step in regaining your license in Pennsylvania. This brochure will take you through all the necessary steps based on your offense and will assist you in getting back on the road quickly and legally.\*

\*State laws can change at any time. The information in this brochure is only just a guideline. For the most up to date information, visit [www.dot.state.pa.us](http://www.dot.state.pa.us)

## WHAT IS AN IGNITION INTERLOCK?

An ignition interlock device integrates breath alcohol testing with your vehicle's ignition system. Prior to starting your vehicle, you will need to submit a breath sample into the hand held portion of the device that tests for the presence of alcohol. If your Breath Alcohol Concentration (BrAC) is below Pennsylvania's ignition interlock limit, your vehicle will start. If alcohol is detected, your vehicle will not start until a passing sample has been provided.

## ABOUT INTOXALOCK

Intoxalock has been manufacturing ignition interlocks for over 20 years. We were the first company to use fuel cell technology and continue to be an industry leader in reliability, customer service and technology.

- Over 100,000 customers served annually
- Over 2,500 service centers nationwide
- 25 years of industry leadership

## FIRST OFFENSE

If you were convicted of a first offense DUI in Pennsylvania with a BAC of .10% and greater, you will have a one year hard suspension and one year with an ignition interlock device. First time offenders who have a BAC of .10% or higher will be immediately eligible to petition PennDOT to apply for the Ignition Interlock Limited License. This will allow individuals to operate a vehicle immediately with the use of an ignition interlock device for the period of 1 year.

## SECOND OFFENSE

If you were convicted of a second offense DUI in Pennsylvania your license will be suspended for 12 months (aggravating circumstances may apply). After serving 6 months of your hard suspension, you will be eligible to petition PennDOT for an Ignition Interlock Limited License. You will be required to install an ignition interlock device for a period of 1 year.

If you do not petition Penn Dot for the ILL, after your 12 month suspension has been completed, you will be eligible to regain your driver's license. To do so you must:

- Service five days to five years jail time
- Pay \$300-\$10,000 in fines and restoration fees (Refer to PennDOT fee chart at [www.dot.state.pa.us](http://www.dot.state.pa.us))
- Provide proof of attendance at an alcohol highway safety school and treatment classes, if ordered by the court
- Complete the requirements specified by PennDOT in your Restoration Requirement Letter
- Provide a completed DL-21 form to your ignition interlock provider
- Install and ignition interlock device

## THIRD & SUBSEQUENT OFFENSES

If you were convicted of a third offense DUI in Pennsylvania your license will be suspended for 12-18 months, depending on your BAC. After serving half of your hard suspension, you will be eligible to petition PennDOT for an Ignition Interlock Limited License. You will be required to install and ignition interlock device for a period of 1 year.

If you do not petition Penn Dot for the IILL, after your 12 month suspension has been completed, you will be eligible to regain your driver's license. To do so you must:

- Service ten days to five years jail time
- Pay \$500-\$10,000 in fines and restoration fees (Refer to PennDOT fee chart at [www.dot.state.pa.us](http://www.dot.state.pa.us))
- Provide proof of attendance at an alcohol highway safety school and treatment classes, if ordered by the court
- Complete the requirements specified by PennDOT in your Restoration Requirement Letter
- Provide a completed DL-21 form to your ignition interlock provider
- Install and ignition interlock device

All jail sentences, fine amounts, suspensions and requirements are subject to your individual blood alcohol concentration (BAC) level and case details. Refusals may be subject to the highest BAC penalties.

## REFUSAL OF CHEMICAL TESTING

If you were convicted of a third offense DUI in Pennsylvania your license will be suspended for 12-18 months, depending on your BAC. After serving half of your hard suspension, you will be eligible to petition Penn Dot for an Ignition Interlock Limited License. You will be required to install and ignition interlock device for a period of 1 year.

### Ignition Interlock Limited License

The Ignition Interlock Limited License will allow all first time convictions with BAC's of .10% and greater to petition PennDOT immediately after conviction to obtain their IID early. It will also allow second and subsequent offenders and individuals charged with refusing a breath or blood test to also apply early, allowing them to serve a shorter hard suspension.

### Ignition Interlock Restricted License

If an individual decides they do not want to petition for the Ignition Interlock Limited License, they will be required to serve the hard suspension and will then be required to get an Ignition Interlock for one year. These individuals will need their restoration requirement letter and have the DL21 form sent to PennDOT.

## CALIBRATIONS

The state of Pennsylvania requires that all ignition interlock devices be calibrated initially 30 days after their installation and every 60 days thereafter. A calibration consists of exchanging your current device for a newly calibrated one, ensuring accurate and consistent testing.

## CERTIFIED LOCATIONS

Intoxalock has over 95 authorized service center locations throughout the state. **No other ignition interlock provider has more service centers in Pennsylvania.**

Visit [www.Intoxalock.com/Find-an-Installation-Location](http://www.Intoxalock.com/Find-an-Installation-Location) and enter your zip code to find the service center locations nearest to you.

## A BETTER WAY OF LIFE

Installing an ignition interlock will allow you to keep your job and your life the way it was before your DUI.
