

Intoxalock Installation Checklist

CONGRATULATIONS ON SCHEDULING YOUR INSTALL. WE'RE CHEERING FOR YOU!

8 Things To Ask Your Installer Before You Leave The Shop:

Your Intoxalock installer is trained and certified to help answer your questions and teach you to use your device. Here are some things we recommend asking your installer at your appointment!

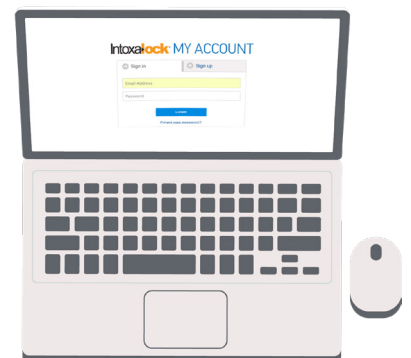

1. How do I activate my device?
2. Can you explain random retests to me?
3. What is the restart countdown?
4. How do I activate "Sleep Mode" and when should I use it?
5. Do I need to make an appointment for my calibrations?
6. How much are my calibrations?
7. What are your hours and are you open on weekends?
8. If I need additional mouthpieces, can I get them here?

There's a lot of information to remember - take some notes!

Following your installation appointment:

- Create an account at Intoxalock.com/MyAccount
- Log in to MyAccount to sign your lease agreement
- Opt into text messaging inside MyAccount
- Make note of your first calibration due date (located in MyAccount)
